

God's Story

Iran

The nomadic Qashqai are Muslim by birth, and have no written language. In 4 years, the one known believer was unable to explain his new beliefs to anyone. After translating *God's Story*, he led 6 of his family to Jesus!

He affirmed, "Now that I knew the stories, I could tell them what happened to me."

God's Word—Understood

The Bible stories in *God's Story*—seen in chronological order—cause the timeless Word of God to be understandable for everyone.

Jesus showed the value of using the whole Bible when He went back to Old Testament Scripture to "explain things concerning Himself."

Impact of *God's Story*(GS)

Asia: Millions of copies have been distributed. A monk broadcast GS over the monastery's PA. 30 Buddhist monks responded, "This is the truth we must follow."

Colombia: The Letuama and Tanimuka are "using GS in audio on MegaVoice players and continue to request more players."

Africa: "A businessman watched GS all night, over and over. Then he bought copies and began giving them to people everywhere."

India: "In a village we showed the *God's Story*. 100 came to Jesus. We finally had to leave at midnight.

In morning 6:00 am, 20 of those villagers arrived to my home in bullock cart. They said "We have more questions."

Europe: "GS reaches our youth. It opens discussion."

USA: "I've been in church all my life. This DVD helped me see how the whole Bible fits together."

Eurasia: Ministries to immigrants and people in North Africa say, "*God's Story* is our most effective tool."

Iraq to USA: A man from Iraq always used relationship evangelism. But, he decided to try showing GS in Kurdish Sorani to a family he just met.

After seeing Adam & Eve's fall and God's response, the father stood and said, "Turn it off. We were not satisfied that Islam was correct, but we did not understand Christianity. Now we understand. Tell us how to be Christians."

Mission Field at Your Doorstep

Why not consider the people in your country and within your region, who speak a language you do not understand, as the "mission field on your doorstep"?

For example:

**In 1 of 5 homes in the USA,
English is not the mother tongue**

Immigrants, people new to a region, sense an opportunity to consider new ideas and investigate other religions. Love shown by Christians is deeply appreciated by people who are away from their homelands. You may not know their language as you show kindness—but *God's Story* does!

Oral Cultures React

"For years we evangelized in Nepal. We used the topical approach that we had been taught—and only New Testament. But many fell away.

"It changed! Now, when people follow Jesus from seeing *God's Story*, they stay! They know. They needed the beginning."
